cordially invite you to a special luncheon program:

## **INDONESIA RISING: TRADE AND INVESTMENT OPPORTUNITIES**

Indonesia is an emerging global powerhouse in Asia and a member of the G-20. Indonesia's economy is the largest in the Southeast Asia region. It is also the world's 16th largest economy in terms of Gross Domestic Product (International Monetary Fund, 2016). A large part of its economic success is a result of a growing middle class, political stability and stable economic growth. Indonesia is one of the most promising business destinations. Foreign businesses have great opportunities to do business with Indonesia, ranging from retailers to infrastructure projects.

Two-way goods trade between the U.S. & Indonesia totaled \$25 billion in 2016, including \$6 billion in U.S. exports to Indonesia (nearly double from a decade earlier) and \$19.2 billion in imports from Indonesia. U.S. services exports to Indonesia have increased more than 70 percent in the last decade and now total \$2.5 billion, while services imports from Indonesia amounted to \$780 million in 2015.

There will be a presentation showcasing the trade and investment opportunities, as well as case studies of U.S. companies doing business successfully with Indonesia. Following the presentations, an authentic Indonesian luncheon will be served.
